We Learn to Serve

### Transformed into the magical world of books

**O**ne Nation Reading Together' was organised at **Cambridge School, Indirapuram** where schools across India joined to celebrate the pleasures of reading and participating in other activities. The librarian spoke about the programme in the school assembly and students took the reading pledge. The principal, vice principal, academic supervisors, headmistresses, students, staff members and the support staff of the school participated in the programme. Various activities were conducted for the primary section like story-telling, hunt for hidden words, word ladder, book mark making, writing about the favourite story and vocabulary building from the newspaper while students from the senior wing enacted skits, read out self-composed poems and prepared book marks. The academic supervisor of the middle school conducted a story telling session for the support staff members who are illiterate and inspired them to learn to read.
