RETAINING THE PLEASURE OF READING

One Nation Reading Together was an annual event organised by a renowned publishing company at **Cambridge School, Indirapuram** to celebrate the pleasures of reading. It was an initiative to inculcate the habit of reading among children.

The students took the pledge written by Jerry Pinto, in English and Hindi. School principal, vice-principal, academic supervisors, headmistress, students, staff members and the support staff participated in this programme. Neelam Singh conducted a story telling session for the support staff and inspired them to learn to read. The students wrote about their favourite books, characters and authors on the Graffiti Wall poster placed in the library.
